DIAL SERVICE—WARRENTON

LOCAL CALLS

Do not start to dial until you hear the dial tone—a steady hum which is heard when the equipment is ready to receive your call.

Dial carefully. Do not hurry or retard the dial.

Dial only the figures of the listed number.

TO CALL ANOTHER PARTY ON YOUR OWN LINE

Telephone numbers of other customers on your line will have the same first two figures as your telephone number. To call another party on your line, dial "9", then the last figure of your own number and then the last figure of the desired party's number. Immediately after the dialing is completed hang up the receiver. Ringing will start and continue until the called party answers. When the ringing stops, remove your receiver and start conversation. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

DIRECTORY FACTS

COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. We cordially invite you to make use of these directories. If you wish to purchase any copies they may be obtained by arrangement with our Business Office.

THE CLASSIFIED TELEPHONE DIRECTORY

Thanks for using your Directory instead of calling Information

Every day thousands of people call "Information" for telephone numbers that are listed in the directory.

Obviously, *you* did not or you wouldn't be reading this page, and we want to thank you for your help.

Not that we mind giving assistance. When telephone numbers are not listed, we want you to call "Information." But in most cases, the number you want *is* in the directory and easy to find.

Thanks for your cooperation.

QUICK to answer when you call ringing
SLOW to hang up when you call someone who does not immediately respond.

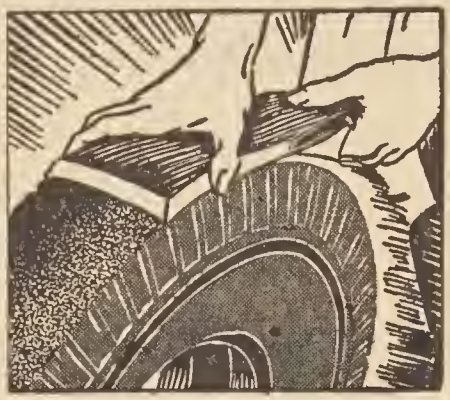
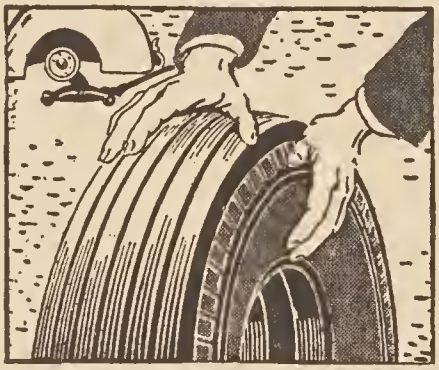
PASSENGER & TRUCK TIRE RECAPPING



EXPERT WORKMANSHIP. There's a knack to recapping tires. Our men are experts. Our methods and equipment are modern. Our "U. S." materials are the best that money can buy.



AFTER WE RECAP YOUR TIRES THEY'LL LOOK LIKE NEW. And they'll run like new. They'll be back in the running for thousands of miles af service. A good tire carcass deserves a gaod recap.

"LIPS CLOSE TO THE MOUTHPIECE FOR BEST RESULTS"

It's as important to keep the transmitter close to your mouth as it is to have the receiver close to your ear. For best results please speak slowly and clearly in an even tone of voice, directly into the transmitter, with your lips close to the mouthpiece.

Nothing's finer than a Good Neighbor

...and that goes for a telephone party line

Just as a good neighbor on your street is always thoughtful and helpful . . .

So does a good telephone party line neighbor cooperate with you in telephone usage.

Here are a few of the ways to make sure you are a good neighbor on your party line:

- Make sure the line is not in use before you try to call.
- If you find the line busy when you have to make an urgent call, politely explain the circumstances to the person using the line. Extend the same courtesy to others you expect yourself under like conditions.
- Talk no longer than necessary; allow time between calls so that others may have a chance to use the line.
- Answer promptly when your telephone rings; always replace the receiver when you have finished using the line.

Careful observance of these points assures more satisfaction and better service on your telephone party line.

Building your dream home soon?
Don't forget to plan ahead for concealed telephone wiring

Whether you'll want only one or a number of telephones, the time to plan for built-in concealed wire facilities is when your home is still in the blueprint stage.

For then you can be certain you won't later have to tear up part of your flooring or bring the wire in along the baseboard.

So decide in advance on convenient locations, and specify that conduit be installed during construction. This provides a metal tube through which wires may be drawn when your telephone is installed.

Our Architects' and Builders' Service will help you in every way possible at no charge.
